ref:910-0338 KIT BIG BORES CYLINDRES ET PISTONS S&S 124" NOIR POUR TWINCAM DE 07 A 2017 PAR S&S USA

Description du produit

Le kit Big Bore donne d'excellents résultats avec les culasses d'origine

Installation facile: pas besoin de percer ou de diviser les boîtiers existants, il suffit de changer les cylindres
Les cylindres sont fabriqués à partir de pièces moulées en aluminium de première qualité avec des chemises en fonte
Les kits comprennent des cylindres, des pistons, des anneaux et des joints (tête, base et échappement)
Finition en poudre noire ou argentée
Fabriqué aux Etats-Unis.
Il est de la responsabilité de la personne qui assemble les pièces de vérifier tous les dégagements et les spécifications d'assemblage.

Convient aux moteurs Twin Cooled

Lorsque ce kit est employé, le carter doit être alésé pour que les cylindres plus larges puissent y être logés ; des volants de 11,75 cm (4-5/8 pouces) doivent être utilisés.

****

Big Bore Cylinder Kit

- The Big Bore kit yields excellent results with stock cylinder heads (not for Twin Cooled motors) unless noted
- Easy installation: no need to bore or split existing cases, just swap the cylinders (unless noted)
- Cylinders are constructed from premium aluminum castings with cast-in iron liners
- Kits include cylinders, pistons, rings and gaskets (head, base and exhaust)
- Black or silver powder-coat finish
- Made in the U.S.A.
- This project requires a skilled technician. It is the responsibility of the person assembling the parts to check all clearances and assembly specifications.
- This kit will require that the case be bored to accept the larger cylinders.

****

pochette de joints complementaire ref:DS173218

****

Alésage	4,125"
Couleur/Finition	Noir
Cylindrée	117"

MATERIAL	Aluminum
Taux de compression	10,9:1
Style	Big Bore
Unités	Kit
Nom de produit	Kit Cylindre
Longueur de la course	4-5/8"
COMPRESSION RATIO IMPERIAL	11.4:1
BASE COLOR	Black
